Duty to Warn

We understand that participation in sports involves rigorous physical activity and risks of physical injury, and we assume these risks. We understand the inherent risks involved in participation may lead to serious injuries, infections such as MRSA, COVID-19, or even sudden death. I hereby give consent for emergency transportation and treatment in the event of illness or injury. I give permission for my child's coach and the on-site athletic trainer to perform first aid if needed. **I further certify the participant is in good physical condition and has no medical or physical conditions that should restrict his/her participation. We agree to support all policies related to COVID-19. We also commit to keeping our student home when they show symptoms of COVID-19.**

Standards of Behavior/Commitment to Sportsmanship

We understand our child's role in accepting responsibility and the consequences for inappropriate actions. We understand that as an athlete, our child will be held to a high standard. We have read the district's Standards of Behavior, Niagara Frontier League Code of Conduct, as well as the commitment to sportsmanship and will support the rules as set forth. We will also support additional rules set forth by the individual coaches.

Equipment Use Policy

At the conclusion of each sports season, it is expected that students return any and all equipment, supplies, and uniforms. If the head coach does not receive all that is expected back in a timely fashion, a letter from the Athletic Department will be delivered to the residence. This letter will note a deadline for the return. If the deadline is not met, a bill for the full value to replace such items will be sent to the residence. If the equipment is still not returned or the bill is not paid, the student may receive school discipline which may include suspensions and the revocation of privileges and attendance at school functions (i.e. prom and graduation).

Concussion Management

We acknowledge that we have read the information regarding concussions provided by the district. Further, we support district policies as outlined and we have discussed the issue of concussions with our child.
