Summer i-Ready Challenge

6/22/2021

Dear Parents/Guardians:

This year has certainly been tough, and we all know that school has been vastly different. We recognize that many of our students may face academic gaps as a result of this turbulent time. With this, CSAT is excited to share a summer learning opportunity for **grades 6-7 students** to make sure they continue to learn throughout the summer and are prepared for the 2021-2022 school year!

How does the i-Ready Challenge Work?

Each child takes a diagnostic assessment at the end of the school year that creates an individualized “pathway” for every student that focuses on their strengths and areas for growth.

To participate in the challenge, students need to complete at least 20 Reading lessons and at least 20 Math lessons between June 25th, 2021 and July 30th, 2021.

Why Should I Participate in this Challenge?

This incentive will not only help your child continue on the path of learning over the summer, but they will also have the opportunity to win some amazing prizes.

Top achieving students for each grade level will be eligible to win any of the following prizes:

- 50 Inch Television
- Nintendo Switch Lite
- Apple Air Pods

Students who complete the i-Ready summer challenge will be invited to a cookout and be eligible for the following prizes:

- Amazon Gift Cards

Thank you for your continued support and I look forward to being a partner in your child’s learning! I can be reached via email, anytime at afavata@csat-k12.org.

Sincerely,

Anthony Favata
Principal, 6-8
