AFTER SCHOOL PROGRAM

K-8TH GRADE
WEEKDAYS 2:30-5:45
93 LEDDY ST. BUFFALO NY

OUR MISSION

At the Valley, our goal is to support the social, emotional, academic and physical growth of each unique student. Our programs allow students to express their creativity, explore new interests, and connect with new friends in an environment where all are welcome and accepted.

"The family Center has been such an asset to my entire family for over 10 years and counting. Due to my work schedule I would not have been able to survive every night with home and school responsibilities. It takes off a lot pressure knowing my children are in good hands learning new things and being treated like family."

Interactive Lessons

At the Valley, after school is an opportunity for students to expand learning with more flexibility and creativity than schools allow. Curriculum is designed around student interest and adapted to meet their needs.
