Seniors and Families,

Since a traditional graduation ceremony will not be possible, we would like to gather feedback from seniors and families about possible alternatives. Please review the information below carefully:

- Our graduation ceremony date is tentatively set for June 9th. Please mark your calendars and plan accordingly as we will likely utilize both the afternoon and evening in order to safely accommodate all graduates and their families.
- We are conducting two separate surveys, one for seniors to complete and one for families. On the survey, you will see two different graduation ceremony plans that we have developed. We would like you to select your preference. Please remember, these plans are works in progress and subject to change. We also have space for feedback, questions, and concerns.
- **Seniors:**
 - Follow the link on your NEST Teams page to complete the survey regarding graduation and prom alternatives.
 - You **MUST** complete your survey no later than April 1st.
- **Families:**
 - Follow the link on our school website to complete the survey.
 - **Be sure to include the name of your graduate on the survey.**
 - Surveys must be completed by April 1st.

We will continue to follow guidance by Erie County as we move forward in planning our graduation celebrations this year. Rest assured that we are doing the best we can, and any new information will be relayed to seniors and families once we have it. If you have not already, consider joining our Remind group for the latest information.

Please feel free to contact us with any further questions or concerns.
