

IMPORTANT INFORMATION FOR K-5 FAMILIES

Schedule Changes: All families, K-5, will see schedule changes come November 2, 2020. The shift is a result of a more comprehensive academic program as we move into the school year. The expectation will be that students are logging onto “live” sessions and completing assignments for all academic/specials areas, daily.

K-2 Hybrid Instruction: Begins the week of November 2, 2020. If you completed the survey to send your child back in a hybrid schedule, please take note of when they will be attending school (*see important information for K-2 families below*).

Grades 3-5: All students in grades 3 -5 will remain in remote instruction until at least January.
