Dear Remote Families:

School pictures and yearbooks are in the process of being completed. We don't want our remote students to miss the opportunity to be a part of this year's yearbook! To accommodate remote learners, CSAT has partnered with our School Picture Company (Life Touch) and are proud to offer our "Snaps At Home" pictures.

All remote student pictures must be completed through the "Snaps At Home" picture process (see details below). The process is simple and works through the well-known app called, Shutterfly.

All students must be in dress code (colored polos are fine) and should follow the directions with the enclosed information to take the photo. **When choosing the background image please choose 'blue'**. Make sure you follow all steps indicated below and, in the attachment, to ensure that your child's photo get submitted for the yearbook.

Quick Tips for Taking Picture Day SNAPS @ HOME Pictures

- Families must create a Shutterfly.com account.
- Once the picture is taken, edited, loaded into the cart and a packaged purchased, the digital download is found in the Photos on Shutterfly app or website.
- Families must share how they would like their child's name spelled in the yearbook.

Families must complete the CSAT form (link is below) to upload the school photo for yearbook use. If you DO NOT complete this step, CSAT will not have access to your child's photo.
